WHITE CHRISTMAS COMES TO THE RIVER
All the dreaming of a white Christmas had its effect on the local scene as the snow fell in abundance the Tuesday after Christmas. The frozen river on our cover is a result of the frosting that the whole town enjoyed for the festive season. Up the river and around the bend after the Arch Bridge, the drill sergeants gathered their troops in military row as seen in the below shot of the ducks on parade. Presumably this was a direct result

APPROVE CONCEPT OF HOUSING
PARTNERSHIP

"To make a commitment to the residents of Mattapoisett" was the way Selectmen Chairman John DeCosta at Tuesday's (December 22nd) meeting explained the need to approve the Massachusetts Housing Partnership. There was a unanimous vote by the

Board to accept the concept but to wait until the first of the year to proceed fully.

Selectman William F. Hubbard, who agreed to go on record as favoring the concept of Housing Partnership, asked to have its operation wait until after the first of the year and the opportunity to review the information.

The Board agreed to wait two weeks and ask people to submit names to serve on the partnership program.

At a recent joint meeting, Selectmen and other town officials and John Klimm of the Housing Partnership Program discussed the state program which helps communities offer residents more affordable housing. If a town does not show some interest in getting an affordable housing program going, the state can issue a private developer a "comprehensive permit".

The comprehensive permit would allow a developer with an acceptable affordable housing plan to override local zoning by-laws in relation to lot size, density and height. Mr. Klimm said the state program's aim

Chairman DeCosta explained that if Mattapoisett does not show interest in the Housing Program it would be possible for any developer to be denied a development plan by the town, and go to the state and have the plan approved. The Chair-

man added that he would prefer the town start its own affordable housing program rather than have a developer come in with a state-issued comprehensive permit and build something the town doesn't like.

On a similar matter, a letter from John M. Santiago of Mills Structured Housing, Inc. of Wareham thanked the Board for inviting him to attend the December 16th joint Mass Housing Partnership Program meeting.

At the suggestion of Selectmen, for information purposes only, Mr. Santiago submitted proposals on his firm's ability to provide single selective housing units under the HOP Program or working with the town in doing a 10-house lot subdivision.

The proposal outlines the range of house size and cost from ranch style two bedroom and one bath at

Cape-style homes with the second floor unfinished for \$29,879 to \$39,750 and raised ranches with three bedrooms and one bath at \$38,360 to three bedrooms and two baths at \$52,420. The letter noted the prices do not include land cost or site preparation.

Mr. Santiago's letter explained a selective house has better appeal within a small town community as it blends in vs. a specific subdivision that brings certain stigmatism of low moderate income housing. The Mills Structured Homes, Inc. is an authorized American Dream Modular Home Dealer.

In other business, Selectmen: MET WITH Building Inspector Andrew Bobola regarding the recent written complaint of Dr. Burt M. Hall of Wellesley Hills and a Mattapoisett summer resident, on the Ringuette's property. Dr. Hall outlined several complaints; however, most of the complaints he listed as occurring were during the summer months.

Mr. Bobola said he inspected the property but because this isn't the summer season, the complaints at this time are not justified. "Maybe in July or August, but not now." The inspector said he did, however, find two boats being stored which is not allowed under the by-law. Also, two unregistered vehicles were on the premises, where only one is allowed under the by-laws. There were open boats which should not be

RECEIVED A COPY OF A LETTER from Katherine L. Kozicki, Center School Principal, sent to Police Safety Officer Stanley Ennis in which she thanked him for bringing a dynamic safety program to the students.

The Principal wrote, "The children in Mattapoisett have reason to appreciate what you do for them. Each year you provide them with outstanding programs which bring them the safety messages so vital for them to receive. I do believe that due to your persistence in providing the schools with ongoing safety experiences we are seeing fewer and fewer accidents among the youngsters."

sampled the river twice during the month of November: November 18th when the first set of samples was taken, when none of the stations in the area in question met the standard for an "Approved" Shellfish area. Five days after the rain, on November 23rd, Department personnel resampled the area and found fecal coliform counts of all sample stations did not meet the standard.

After reviewing these results and the data from the winter of 1987, the Department has concluded that a Seasonal Closure is not warranted. No change in the classification of the Mattapoisett River is indicated - there is still no shellfishing in the area.

From Town Clerk

Mattapoisett Town Clerk Lois K. Ennis advises that you should have received your 1988 census form. If your household has not received one, please call the Town Clerk's Office at 758-6707 and request a form or give the information over the phone. Your prompt return of your report will be extremely helpful. 1988 is a presidential election year and it is important that new residents be listed in the annual census.

For the first time, we are offering the convenience of obtaining your 1988 dog license at the same time you return your census form. Look for the yellow sheet included with your mailing for this purpose.

Census forms and dog license applications may be returned in person, by mail or dropped off in the Town Hall slot in the front of the

MUSEUM BOARD RE-ELECTS OFFICERS

Four officers were re-elected and two new trustees were named at the annual meeting last month of the Board of Trustees of the Rotch-Jones-Duff House and Garden Museum, 396 County Street in New Bedford.

Christopher H. Schmidt was re-elected President. Also re-elected were Nancy C. Crosby, Vice President; Francis C. Gray, Jr., Treasurer; and James L. Henry, Clerk.

The new trustees named were Christopher Gillespie of Westport Point and Martha Tuttle of Marion.

Continuing on the Board of Trustees are Charles F. Baker, Robert O. Boardman, Anne B. Brengle, Arthur F. Buckley, Gertrude T. Burr, L. Howard Carl, Jr., Sarah R. Delano, Marjorie F. Elias, Mary M. Grinnell, James S.

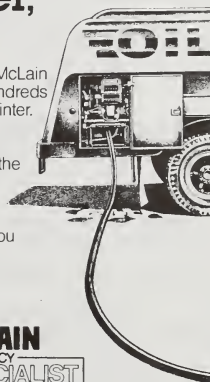

Hodgson, Zelda D. Siegal and Robert H. Gardner.

We'll show you how a new Weil-McLain Model 68 oil boiler could save you hundreds of dollars on your heating bills next winter.

The fact is, many older boilers operate at only about 60% efficiency. That means that as much as 40% of the fuel you're paying for could be going right up the chimney. The new Weil-McLain 68 oil boiler operates at over 84% efficiency—so it can save you enough money in oil bills to pay for itself in a few short years.

Find out how much you could save—call us today!

WHY SHOULD CHILDREN HAVE CHIROPRACTIC SPINAL MANIPULATION?

QUESTION:

ANSWER: Because growth and development can be affected by minor bumps, jars and falls.

Every year thousands of structural health problems in students of grade and high school level go undetected even though teachers, coaches and physical education instructors watch for health irregularities which might interfere with a child's physical performance and learning ability.

Part of their jobs? Not really. It is that extra sense of dedication that makes these already over-worked public servants give children that extra attention. The school guardian is responsible in many cases for the detection of potential health problems and the funneling of children to proper health authorities.

What most people don't know is that most health problems are far too complex for the teacher to note. And with a busy schedule the educator can't be expected to have the time to screen problems that are beyond his or her scope of training no matter how conscientious the teacher may be. The result many children have health problems that retard their ability to learn or engage in sports effectively.

Here's what you can do:

- Parents must be urged to take more responsibility for their children's health.

- Parents and teachers should be alert to such things as changes in energy level, postural changes, moodiness, listlessness or any unusual signs that signal a problem that will impede learning. One of the observable signs is lack of interest in school activities.

- The structural balance of the child's body should be considered. The school teacher will no doubt note the child's posture, but that does not always indicate the structural integrity of the body.

Comprehensive chiropractic examinations, including examinations of the spine, pelvis, neck and limbs should be recommended to avoid developmental problems.

- Incorporate posture awareness programs into your class projects. Write for suggestions and materials.

Thanks to a Mattapoisett resident who made a computer analysis, the terrible trouble that the federal government is in is very plain to see...that borrowing and spending is ruinous if no attempt is made to control either urge. the United States had sent a mil-
lion dollars to the Solidarity
Union. Why? How many such millions
have flowed out, willy nilly, to
other organizations like straws in
the wind? This same week on the
radio an announcement was made that
the United States would assume a
guarantee of the tremendous debt
that Mexico owes. Why? Why did
the United States' banks loan such
massive amounts to an obviously bad
risk? Why should the United States
public be saddled with the resulting
default? Are our representatives
in Congress planning to burden the
United States taxpayers with the
debt of Brazil and all the other,
so-called, third world countries
who have been the eager recipients
of the generosity of the United
States bankers? All the European
countries and Great Britain, who
still owe their debts from World
War I, were given billions of United
States dollars for their World War
II costs and, afterward, were given
billions of United States dollars
in the Marshall Plan, are now demand-
ing that the United States show
some fiscal responsibility and re-
duce its 2.4 trillion dollar debt.

They are correct, of course, but
since a giant portion of the money
which formed that debt flowed to them,
how do they have the right to be so

FEDERAL DEBT

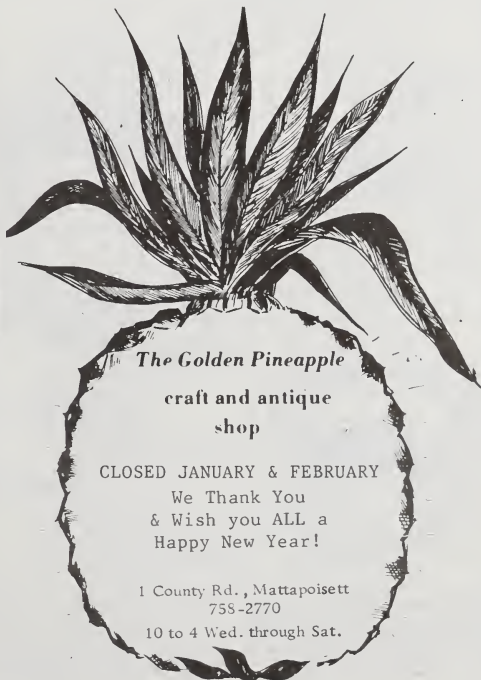

ABOVE

CHART shows the record of the Federal Debt that we all owe. In 1970 it was \$400 Billion. By 1987 it has grown to \$2,363 Billion. In the last 17 years we have increased our Debt to six times as much as it was in 1970 after 196 years of Government operation!

A Billion dollars is hard to visualize. If you started counting one number every second, 24 hours a day, 7 days a week, it would take 32 years to count to just one Billion.

Government borrowing, to cover the debt is now more than one half of all borrowing in the country—including business debt, mortgages, personal loans, car loans, and other borrowing.

To accommodate this tremendous borrowing, real interest rates have had to remain high—causing inflation, and making us non-competitive.

CHART shows the record of Interest paid by our Government to Finance our Debt.

The Government has had to pay high Interest rates to borrow the \$2,363 Billion (\$2.4 Trillion) it owes in Debt.

In 1970 the total interest charge was \$15 Billion. By 1987 the gross interest was \$195 Billion, or 24% of all Government outlays.. The net interest was \$160 Billion, or 16% of all Government outlays.

PROTECT PETS FROM NEW ENGLAND'S
FRIGID WEATHER

The Massachusetts Society for the Prevention of Cruelty to Animals (MSPCA) reminds pet owners to protect their animals from the extremely cold weather in store for New England this winter and provide proper shelter as required by Massachusetts law.

The law -- chapter 272, section 77 -- states that failure to provide an animal with proper shelter or protection from the weather is punishable by a fine of up to five hundred dollars, imprisonment for up to one year or both.

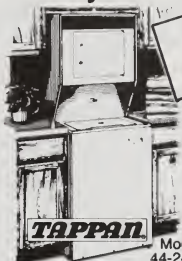

Steve Torre, director of the MSPCA's law enforcement division said that his team of officers -- located throughout the state -- is prepared to investigate every alleged violation.

Torre urges pet owners to provide waterproof, draftproof and comfortable shelter facilities for outdoor pets. The shelter should be large enough for the animal to comfortably stand, turn around and lie down.

"A secure, non-leaking roof with an elevated floor (2 to 4 inches) is best," Torre said. "Straw, shavings, blankets or mats for bedding also should be provided. It's critically important to change the bedding frequently to rid the area of dirt and dampness."

Pet owners also should secure a flap on the entrance to the shelter and position the door south or west

"The YMCA program is a new idea in youth basketball. Rather than putting all the emphasis on winning, we emphasize values. Like teamwork, good sportsmanship, self-esteem, and learning to respect and get along with others", explained Joe Seigal, YMCA Basketball Coordinator. "In our program everyone plays and plays equally."

Small Shots Division for Kindergarten through second grade is intended to be a positive introduction to the game of basketball. Because of the very young age of the children, lead-up games and practice drills are designed for the younger boy or girl.

Passers Division for third and fourth grades is designed to introduce children to the fundamentals and basics of basketball in a proper progression. A unique feature of the Passers Division is games with 3-player teams, lower baskets and smaller basketballs. Two 5-player basketball teams playing a game involve too many players.

Dribblers Division for fifth and sixth grades is designed to introduce youngsters to the complete game of basketball. Players continue to use a smaller ball but play on a full court, an 8'6" basket and five-player teams.

Shooters Division - In this division players in seventh to ninth grades play on a large full-court with 10' regulation baskets and a 5-player team.

"The First of the year is such an excellent time for adults and families to look at starting the year off in a healthy way," explained Mark Gresens, Senior Program Director. "Through our Wellness and Fitness Day we would like to educate people as to the importance of fitness and living a healthy lifestyle and at the same time show how the YMCA can help them."

The YMCA Fitness and Wellness Day is scheduled during the YMCA's registration week for its Winter I Session. New classes begin during the week of January 11th. For more information call the Greater New Bedford YMCA at 997-0734.

Art Gallery. Among the works is a
sculpture by Petah Coyne which was
recently acquired by the Brooklyn
Museum of Art.

Curated by Lasse Antonsen, gallery
director and assistant professor of
art history, the show brings together
sculptors whose work makes use of
natural materials. Said Antonsen:
"The work is non-figurative but
strongly suggests Man's presence,
and is thematically related to an-
thropological objects."

Sculptors Ellen Driscoll, Elise
Siegel, Maureen Connor, Creighton
Michael, and Carol Hepper are also
to exhibit.

Driscoll, who works in oxidized
copper, lead, tar, wood and graphite,
was described by critic John Sturman,
writing in Studio (May 1987) as hav-
ing a "disciplined but fanciful
imagination". A three-week trip to
Italy in 1985 prompted her to meld
medieval imagery with simple geomet-
ric shapes, he wrote.

Coyne constructs free-standing
sculptures of grasses, twigs, roots,

seed-pods and other found or cre-
ated materials. She recombines the
natural elements to form new struc-
tures which are not found in nature,
but still resemble primitive dwell-

Critic Ken Sofer writes in Art News (May 1987) "They remind us of bone - the sun-bleached cow skull...the dried skeleton of some beached sea creature - but their form grows from the biomorphic abstractions of Arp, Brancusi, and, more directly, Eva Hesse".

people get underway to a brighter future."

Sometimes the admission procedures themselves seem overwhelming. Admission representatives show students how to glide through the process, and there is no obligation, added Motta.

BCC at New Bedford is located at Greater New Bedford Regional Vocational Technical High School. The campus is close by for New Bedford residents who want to pursue their education without going too far from home. "The meeting will introduce students to our various curricula, and the low tuition and fee schedule that makes it easy to afford a few courses. We'll also give students an idea of the kinds of services we have. No matter what BCC campus students attend, whether they're taking just a few courses or enrolled in a full-time program, our many services are open to them," she said. "Our services include both personal and academic counseling, a career center and job placement services, women's services and a fully-equipped fitness center."

The meeting serves as a forum for students to learn about College programs and the different ways they can put their education to work in the job market. Interested individuals are invited to come, listen and ask any questions they may have.

The meeting takes place at 7 p.m. at Greater New Bedford Regional Vocational Technical High School, located on Ashley Boulevard off King's Highway. For more information call the College at 678-2811, ext. 155, or toll free in Massachusetts at 1-800-462-0035.

In order to accommodate both the employed and unemployed, the seminar will begin Tuesday, January 19th, from 6:30 to 9:30 p.m., and will continue each Tuesday and Thursday for five weeks.

Zee M. Bryant, President of Zee Associates, Personal and Business Management Company and a seminar graduate, will be the coordinator and will be present at all sessions. She will also work with each participant to arrange for follow-up sessions with consultants who will assist with the business plan and help to secure financing.

"An invaluable educational experience is being offered to the community at no cost to those who participate. Having enjoyed the benefits and knowledge gained from the workshop, I can attest to the importance this workshop can be for potential entrepreneurs. I urge them to take advantage of this unique opportunity," Bryant said.

Taunton Singles

RELOCATING SATURDAY DANCES

Starting Saturday, January 2nd, the Taunton Singles will hold their weekly Saturday dances at the newly renovated Wonder Bowl Lounge, New Bedford, from 8:30 p.m. to 12:30 a.m. The new location is only minutes away from the present location in Fall River and is easily accessible from all parts of southeastern Massachusetts and Rhode Island - take Route 140 to Hathaway Road exit in New Bedford.

The relocation celebration will continue throughout the month of January with prizes and surprises galore at all the dances.

The singles will continue to hold their weekly TGIF (Thank God It's Friday) dances every Friday at the present location at the Taunton Ten Pin Lounge, Route 44, Taunton, from 8:30 p.m. to 12:30 a.m.

Both dances will be conducted with usual diversified schedule of entertainment, activities, door prizes and free refreshments.

The Taunton Singles is a social and support organization for widowed, divorced, separated and singles 30 and over. The group caters to the needs of singles from southeastern Massachusetts and Rhode Island. Non-members are welcome.

Friends Academy

ADMISSION OPEN HOUSE

Friends Academy will hold an Admissions Open House for grades K-9 on Wednesday, January 13th, at 7 p.m. at the school.

According to Linda Kelsey, director of admissions, "Prospective families and students will have an opportunity to see representative projects and work from all grades, meet the headmaster and receive information about the admissions process.

The program will include presentations by faculty for the various grade levels. Kindergarten will offer a slide show, discussion of developmental readiness and meeting with the teachers (as well as the art, music and physical education specialists). The Lower School teachers (1-3) will offer a question and answer session and a tour of the facility.

The Middle and Upper Schools (Grades 4-9) will offer a slide presentation after which guests will meet and question the faculty and receive a tour of the school including the new Clagett Science & Computer Center.

Friends Academy is the oldest school in southeastern Massachusetts, founded in 1810, and is located on a 60-acre campus at 1088

Q. IS PASSIVE EXERCISE JUST A FAD?
A. DEFINITELY NOT! Passive exercise is the al-
ternative to strenuous exercise. It has been said
by physical therapists that the concept is effective
for people with heart problems, artificial joint
recipients, arthritis and others. Imagine effort-
less exercise that provides muscle tone strength,
muscular endurance, flexibility, better circulation
and inch loss! Call for complimentary visit or just
stop in and see for yourself. BODY DESIGN,

AVOID DELAYS ON YOUR FEDERAL REFUND

Errors on your return are the most
common reason for the delay of federal
refunds, says the Internal Revenue
Service.

To speed your refunds, use the
peel-off label that comes with your
tax package. "Incorrect or illegible
social security numbers are a primary
cause of delay," said District
Director Gerard R. Esposito. "Such
a simple mistake can take weeks to
correct, inconveniencing you when
you've planned on your refund for
bills or vacations."

The peel-off labels show not only
your name and address but your
correct social security number.

Your tax package contains a pre-
addressed specially coded envelope.
Use it to speed processing.

File early. Taxpayers who file

early are less apt to make errors than those who wait and file in haste late in the filing season. Unpressured by the filing deadline, you prepare a more accurate return easily.

By waiting until late in the season you are also more apt to misplace important documents such as W-2s or 1099s.

NEW RULES FOR IRA DEDUCTIONS

A booklet explaining the new rules for Individual Retirement Arrangements (IRAs) is now available from the Internal Revenue Service. Publication 923 gives you an overview of the new rules that could affect the deductibility of your IRA contributions.

"While rules for making contributions to an IRA remain the same," said IRS District Director Gerard R. Esposito, "the deductibility of those contributions is affected by your participation in another pension plan and your gross income."

Contributions of up to \$2000 or 100 percent of compensation are allowed. If you file single and have income more than \$25,000, or married joint with income of \$40,000 or more, and are an active participant in another plan, you will not be able to deduct your entire contribution to an IRA.

Old Colony

HOSTS FINANCIAL AID NIGHT

On Monday, January 11th, at 7:00 p.m. Old Colony Regional Vocational Technical High School will host a Financial Aid informational meeting for parents of senior students.

Representatives from the Educational Opportunity Center, a local college, as well as a local bank will

be present to explain the financial aid process and to answer any questions. The proper completion of the complicated FAF form will be reviewed.

Anyone interested in additional information about this meeting or needing assistance in completing any financial aid forms is urged to contact the Old Colony guidance office by calling 763-8011, extension 26.

FOOTBALL BANQUET

Recently Old Colony Regional Vocational Technical High School held its annual Football Banquet honoring the athletes and coaching staff of the 1987 Mayflower League Championship Team. The annual banquet is hosted by the Old Colony Gridiron Club.

The banquet, prepared by the school's Culinary Arts Department, was attended by over 200 parents and friends of the football team.

The keynote address was presented by Dartmouth High School Athletic Director and Head Football Coach Carlin Lynch. Coach Lynch in his remarks emphasized that football is important because it teaches life-long skills. He reminded the student athletes that they can succeed in life as they did on the gridiron by applying the same determination and effort.

The accomplishments of the team were highlighted by Head Coach David Harrison. The team's 7-3 record was the best in the history of the school's football program.

Various awards were distributed to the players. Recognized as Mayflower League All-Stars were Michael Gajewski, John Fonseca, and David Tucker. Honorable Mention award recipients were Thomas Ross, Chris Franks, and Steve Proffit. Selected

for the Standard-Times All-Scholastic Team were Michael Gajewski and John Fonseca. Michael Gajewski was also recognized as Old Colony's nominee for the Otto Graham Award.

Coach Harrison also presented the Varsity Coaches' Award to Brian Ashley and the Junior Varsity Coaches' Award to Danny McDonald. Brett Barros was introduced as the 1988 Senior Captain representative.

Michael Ashley, President of the Gridiron Club, presented the Varsity Football Team with school jackets in honor of their outstanding season.

STUDENTS BRING CHRISTMAS SPIRIT TO ELDERLY

Old Colony Health Services students recently visited the patients at Friendly Harbor Geriatric Day Care Center in Mattapoissett. The students coordinated their visit with the assistance of the Offset Printing Department to provide the participants of the center with a Christmas Craft workshop.

Mrs. Beverly Pusateri and Mrs. Susan Crook, Old Colony Health Services instructors, coordinated the effort by the students to spread some Christmas spirit to the elderly.

Put less money into your boiler.

A new Model 68 oil boiler from Weil-McLain could save you hundreds of dollars on your heating bills—this winter alone!

If your oil boiler is more than 10 years old, it could be operating at only 60% efficiency—or less. That means 40% of your heating dollars could be going right up the chimney.

But a new 68 boiler from Weil-McLain operates at 84% efficiency, which means it can pay for itself in just a few short years.

That means more money in your pocket—and less in your boiler.

Find out how much you can save with a Weil-McLain 68 oil boiler. Call us today!

Gateway Playhouse

SUBSCRIPTION DRIVE

Subscribe now for the 16th season of year-round live theater at The Gateway Playhouse located off Route 6 behind Wareham Town Hall. The Gateway Players are professionally staffed including a Pulitzer Prize nominated poet, award winning directors and actors. This is a company that trains local people and brings them in working relationships with members of equity and S.A.G.

Opening in January is Shaw's

comedy **ARMS AND THE MAN**; March, Lope De Vega's comedy **IN THE DOG-HOUSE**, translated by former Brown University Professor and Wareham resident A. David Kossoff; Neil Simon's Oscar winning comedy **CALIFORNIA SUITE** in April; a musical comedy selected from among others **OLIVER!** in May; and a Summer time salute to the late Geraldine Page with **A TRIP TO BOUNTIFUL**, June; **BLITHE SPIRIT**, Noel Coward's comedy, July; and Tennessee Williams' **SWEET BIRD OF YOUTH**, August.

A unique feature about subscriptions at Gateway Playhouse is that they are honored as long as the playhouse is in operation. They make great gifts. For more information phone 295-6768.

A 6 show subscription of a \$10.00 seat is only \$50.00; 6 show subscription of \$8.00 seat is \$40.00; \$6.00 seat, \$30.00; and \$5.00 seat, \$25.00.

ARMS & THE MAN OPENS AT GATEWAY

Shaw's topical comedy about arms and military might, **ARMS & THE MAN**, opens Friday, January 29th, at 8 p.m. at The Gateway Playhouse, off Route 6 behind Wareham Town Hall. The production of this peace loving satire stars Wendy Mucci, Michael Ventura, Renee Thamalis, Carol MacManus, and features Ken Watts and Matthew Hill. Direction is by screen and T.V. actor Christopher LeBlanc who also plays a featured role. Assistant to Mr. LeBlanc is lighting designer Eric Spencer. For information and reservations to what promises to be the new year's first comedy delight, **Arms & The Man**, phone 295-6768. Tickets are \$10., \$8. and \$6 with special student, group and senior citizen rates.

snorkeling and boating excursions. Join a scheduled activity or go off on your own as you wish. Other recreational opportunities available include sailing, wind-surfing, and trips to nearby islands.

Accommodations are in simple but comfortable canvas cottages overlooking the bay. Each unit is fully furnished including a small camp kitchen to permit cooking. Or you may choose to dine in the community center a short distance away.

Here is a very affordable way to visit the Caribbean, have fun and share educational experiences with others who enjoy the natural world. The trip is co-sponsored by the Burgess Society, the South Shore Natural Science Center in Norwell, and the Cape Cod Museum of Natural History in Brewster.

More detailed information and registration forms are available by calling the Burgess Society office at 888-6870.
